## 提要

此文披露台北國家圖書館所藏三件四卷趙城金藏。並透過文本校勘與文獻考證，增補有關金藏的補雕與流傳。

The article discloses three hitherto unknown Buddhist scriptures (in four scrolls) of Jin Tripitaka (made in 1149-1173) preserved in National Library of the Republic of China at Taipei. Through the textual comparison with their correspondent texts in the Gaoli Tripitaka and the examination of literary documentations, the article demonstrates some unknown knowledge about the transmission, the block printing and the circulation of the Tripitaka in the Yuan Dynasty.
